Blaine Krentz

For Town of Rosthern Councillor

As I sit here reflecting over the past 4 - years as part of a team including the Mayor, five other Councillors and great office staff, I can't help smiling at the job we all did.

Did I make some mistakes, I surely did, but I also grew, learned, and I feel I did right by the constituents that I represented namely you folks that live here. I accepted many challenges as your Councillor and tried to do my very best to always keep you in my mind when a tough decision needed to be made.

Rosthern, is provincially known for its progressive attitude, its beauty, and the programs it offers its inhabitants. We all should be proud of our Town, I know I am.

I will continue to do the job I am elected for, and will continue to always keep the people of Rosthern in mind.
